INTRODUCTION

This guide will show the user how to safely remove the battery from the phone. It is most likely the easiest replacement to accomplish. No tools are absolutely required. The battery is easily accessible through the back casing of the phone.

TOOLS:

- Heavy-Duty Spudger (1)

PARTS:

- Samsung Galaxy S5 Sport Rear Panel (1)

Step 1 — Battery

- Remove the back casing of the phone using the notch located at the top.

Step 2

- Lift up the battery using a plastic spudger or fingernail.

⚠ Damaging the battery may result in physical injury and/or damage to the phone.

To reassemble your device, follow these instructions in reverse order.
